Source's Comment:

- (a) On both journeys there was no observable activity at the hospital train sidings at NOVI KHAN [] 25X1
or at the ammunition dump East of GARA KOSTENETS
BANYA [] 25X1
- (b) On the return journey a strong impression was gained that the manoeuvres, at least in the area traversed, were over.
Para 2.e. vi. The timber on these [] looked 25X1
as though it might have been used as improvised
bridging material.
- (c) [] 25X1
- (d) The sketch at Appendix A. shows the trailer somewhat larger than life size in proportion to the 6 wheel
[] Its appearance was suggestive of an 25X1
overgrown field kitchen or perhaps field bakery.
